Understanding the Lead and Copper Rule - US EPA

Oct 09, 2019 · from homes to EPA's action level of 0.015 mg/L (15 ppb). If 10 percent of the samples from these homes have water concentrations that are greater than the action level, then the system must perform actions such as public education and lead service line replacement. LCR VIOLATIONS Exceeding the action level is not a violation.

Fact Sheet: Homelessness in California1

California had 161,548 homeless people, which accounted for 28% of the nation's homeless population. More than half of all unsheltered people in the country were in California (51%). California had the largest increase in homelessness from 2019-2020, which amounted to 10,270 more people increase).

National Patient Safety Goals - Joint Commission

on the patient's body. Mark the correct place on the patient's body where the surgery is to be done. Pause before the surgery to make sure that a mistake is not being made. Use at least two ways to identify patients. For example, use the patient's name and date of birth. This is done to make sure that each patient gets the correct ...
